

UT35A/UT32A Yokogawa General Purpose Temperature Controller Style A 4 to 20 mA DC Output Signal

Our Product Introduction

for more products please visit us on achieversinstruments.com

Basic Information

- Place of Origin: JAPAN
- Brand Name: Yokogawa
- Certification: ATEX
- Model Number: EJA110E-JMS5J-912EB
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: carton
- Delivery Time: Negotiable
- Payment Terms: T/T,XT,ALIPAY
- Supply Ability: 100pcs per month

Product Specification

- Allowable Input Voltage: ± 5 V
- Measuring Pressure: Atmospheric Pressure To 50 KPa
- Rated Applied Voltage: 24 V DC
- Data Update Period: 1 S
- Contact Input: Two Points
- Style: Style A
- Output Signal: 4 To 20 MA DC
- Power Consumption: 18 VA
- Material: Polycarbonate
- Highlight: **UT35A/UT32A Yokogawa Temperature Controller**
, **General Purpose Yokogawa Temperature Controller**
, **UT35A/UT32A Yokogawa**

Product Description

UT35A/UT32A Yokogawa General Purpose Temperature Controller

YOKOGAWA

Yokogawa, a renowned Japanese industrial brand established in 1915, is a global leader in industrial automation and control, test and measurement.

With over 19,000 employees across 55+ countries, it offers diverse products. These include DCS, PLC, and SCADA control systems, along with measurement and analytical instruments. Committed to innovation and sustainability, Yokogawa aims for net - zero emissions by 2050.

The UT35A is a 1/4 DIN general-purpose digital indicating controller, specialized for single-loop control. A ladder sequence function is included as standard. These low-cost models have a sequence control function that is based on the general-purpose ladder logic programming language and are targeted for use in the single-loop control of production equipment. The Yokogawa UT35A advanced digital indicating controllers are targeted to a wide variety of industries including electrical equipment, machinery, chemicals, foods, semiconductors, and automobiles; and in-plant equipment such as air conditioners and power supplies.

The UT35A and UT32A temperature controllers employ an easy-to-read, 14-segment large color LCD display, along with navigation keys, thus greatly increasing the monitoring and operating capabilities. A ladder sequence function is included as standard. The short depth of the controller helps save instrument panel space. The UT35A/UT32A also support open networks such as Ethernet communication.

target setpoints (PID numbers) available as standard
alarm independent common terminals available as standard
Ladder sequence programs can be built
Simple operation
Up to 8 DOs (combinations available)
Multiple language operation manual (Japanese, English, German, French, Spanish, Chinese and Korean) available. Please specify the desired language when ordering.
Detailed code model available to customize specifications best suited to you.

Item #	Controls	Extra Functions	Network Options	Case
UT35A-210-11-00	Heating / cooling type	2 additional DIs & 2 additional DOs	RS-485	Dark Gray
UT35A-222-11-00	Heating / cooling type	5 additional DIs & 5 additional DOs	None	Dark Gray
UT35A-221-11-00	Heating / cooling type	5 additional DIs & 5 additional DOs	Ethernet	Dark Gray
UT35A-220-11-00	Heating / cooling type	5 additional DIs & 5 additional DOs	Ethernet	Dark Gray
UT35A-212-11-00	Heating / cooling type	2 additional DIs & 2 additional DOs	RS-485	Dark Gray
UT35A-211-11-00	Heating / cooling type	2 additional DIs & 2 additional DOs	None	Dark Gray
UT35A-020-10-00	Standard Type	5 additional DIs & 5 additional DOs	Ethernet	Light Gray
UT35A-002-10-00	Standard Type	None	RS-485	Light Gray

Achievers Automation Limited is a well-established player in the field of industrial automation, boasting a rich and extensive experience of more than **12 years**. Over these years, the company has dedicated itself to dealing with a comprehensive and complete range of industrial automation components and instruments. With an unwavering commitment to excellence, the team at Achievers always goes the extra mile, striving their absolute best to provide top-notch quality goods and highly efficient, timely services to our esteemed and valued customers. These customers hail from over 45 countries across the globe, spanning different continents and diverse industrial landscapes.

FAQ of Achievers

Q:Are preferential prices available?

A: We provide customers with competitive product prices and the biggest discounts through a long-term cooperative supply chain system.

Q:Are the Products Genuine OEM Units?

A: These items have been certified by Achievers Automation Limited to be genuine OEM Units obtained through OEM or independent third-party channels.

Q:How will you arrange shipment?

A: We can arrange shipment based on your request. We have cooperated forwarder who can arrange shipment via FedEx, DHL,TNT,UPS with good price.

Q:What is the warranty of goods?

A: One-year Warranty.

Q:Which are the best-selling products?

A: Many brands of products have been supplied to customers from all over the world for a long time. For example, MTL safety barrier MTL5541, Endress Hauser RS33 , P+F safety barrier KFD2-SR2-Ex2.W,Emerson Hand Communicator TREXCHPNAWS1S,xnx transmitter honeywell
